About

About hospital

Established by Yogendra Gode in 2022, Dr. Rajendra Gode (DRG) Multispecialty and General Hospital is an emerging premier healthcare institution that provides an array of quality healthcare services in Amravati. Spread over 20 acres of land, the hospital comprises of 350 beds. It is also the principal teaching affiliate of Dr. Rajendra Gode Medical College (DRGMC) located within the same campus in Amravati that educates and inspires the caregivers of tomorrow. We are committed to providing excellence in clinical care, teaching, research, and community outreach.

At DRG Multispecialty and General Hospital, we believe in putting patients first and focusing on their health and wellbeing in a compassionate manner.

Our chairman

Yogendra Gode, President of IBSS group and Chairman of DRG Institutions, is a passionate leader in the fields of education and community outreach. He aspired to bring quality education to rural areas in India. With his commitment to the cause, he has introduced an advanced educational infrastructure, incorporating an engineering, pharmacy, polytechnic, ayurved, and now a medical college, in Amravati. His unwavering vision and dedication to create a strong educational hub in the city can be seen by the establishment of these institutes. He believes in a strong education that has the capability of transforming dreams into reality, which is what the Dr Rajendra Gode College & Hospital strives to do.

“Dr.Rajendra Gode Multispecialty and General Hospital will make high quality, cost-effective healthcare services accessible to economically disadvantaged patients. With highly qualified doctors and state-of-the-art medical equipment, we aim to provide excellent patient care and educate future medical leaders in a way that will allow them to change the course of modern medicine.”

Our inspiration

Dr Rajendra Gode, after whom the hospital is named, was a renowned doctor and an inspiration to many. Along with being the ex Minister of Home and Industry, he was passionate about education and healthcare. He strongly believed that healthcare should be fortified in rural and suburban areas. This is mirrored by DRG Multispecialty and General Hospital's mission and vision.

Vision and mission // PHILOSOPHY

Our Vision: To facilitate compassionate patient care, education and research in hope of creating a healthier and happier society.
